Subject: Clarification of eligibility conditions for Junior grade of MHS
(GDMO Sub cadre)-reg.

Ref: Y/L No.A.12026/7/2023-MPSC(DR) Dt 09.01.2025

Sir,

With reference to the above and the subject mentioned above, I am directed to inform you that the National Medical Commission (Compulsory Rotating Medical Internship) Regulations, 2021, unequivocally stipulate that all medical graduates are required to undergo a Compulsory Rotating Medical Internship (CRMI) in India to qualify for permanent registration to practice medicine in the country (*Regulation 4*). Moreover, the regulations mandate a minimum duration of twelve months for the internship, to be satisfactorily completed under the supervision of the respective college authorities and the concerned university, following the successful completion of the final Bachelor of Medicine and Bachelor of Surgery (MBBS) examination or the National Exit Exam for MBBS (NExT), as applicable, to be eligible for the conferment of the MBBS degree by the respective universities (*Regulation 1 of Schedule I*).

Additionally, the internship must be completed within two years of passing the final MBBS examination, the Foreign Medical Graduates Examination (FMGE), or the NExT Step-1 examination, as applicable (*Regulation 2(a) of Schedule I*). It is, therefore, evident that medical graduates who have not successfully completed the CRMI are ineligible for the award of the MBBS degree and for permanent registration. Consequently, only those medical graduates who have completed the CRMI and obtained permanent registration are eligible for recruitment to the junior grade of the Mizoram Health Service (MHS), General Duty Medical Officer (GDMO) Sub-Cadre, in conformity with the provisions of the aforementioned regulations.
